

*"A Passion for Excellence"*

### TV View

See who's at your door ... ring Security Action Services and have it installed with your alarm system.

Look mum ... he's on the television!

I'll just sneak in while they watch TV!!

By having a camera connected to your TV you can view (and record) who's at your door, just by changing the television station ~ an especially good idea when home alone or with the children.

- Black & White Dome Camera
- Cable
- Power Supply
- Fittings
- Fully Installed

Phone 8341 7444 to arrange installation
